[news vironova vironova](#)

This week Vironova was at BPI Amsterdam with a booth and presentation. In the cell and gene therapy industry there is clearly an increasing demand for fast, reliable, and cost efficient solutions for viral vector manufacturing.

[pid tuning pid loop tuning software](#)

Funnily enough I have never seen this complete PID Tuning process in any textbook or on any website. Which is a shame because these tuning rules will give you a fast, robustly tuned loop with minimum overshoot.

OMICS International publishes 700+ Open Access Journals in the fields of Clinical, Medical, Life Science, Pharma, Environmental, Engineering

and Management.

[microalgae for biodiesel production and other applications](#)

Table 2 shows that although the oil contents are similar between seed plants and microalgae there are significant variations in the overall biomass productivity and resulting oil yield and biodiesel productivity with a clear advantage for microalgae. In terms of land use, microalgae followed by palm oil biodiesel are clearly advantageous because of their higher biomass productivity and oil yield.

[fouling and cleaning of ultrafiltration membranes a](#)

Ultrafiltration (UF) is one of the best options for both one-stage and as part of multi-stage water and wastewater purification. This review summarises the known facts about the fouling processes and cleaning procedures and details of the most successful physical and chemical cleaning combinations.
