

THE COST OF WELFARE USE BY IMMIGRANT AND NATIVE HOUSEHOLDS

[the cost of welfare use by immigrant and native households](#)

In September 2015, the Center for Immigration Studies published a landmark study of immigration and welfare use, showing that 51 percent of immigrant-headed households used at least one federal welfare program — cash, food, housing, or medical care — compared to 30 percent of native households.

[welfare use by immigrant and native households center](#)

Appendix: Immigrant Eligibility for Welfare. A number of policies have been adopted that are designed to limit immigrant reliance on welfare. While these policies may reduce immigrant welfare use below what it otherwise would be, they have not prevented immigrant households from making significant use of welfare, often at significantly higher rates than native households.
