In this candid new political memoir from Senator John McCain, an American hero reflects on his life—and what matters most. "I don't know how much longer I'll be here. Maybe I'll have another five years. Maybe, with the advances in oncology, they'll find new treatments for my cancer that will extend ...

[the discovery of polarization polarization](#)

Christian Huygens developed a pulse-wave theory of light that he published in 1690 in his famous optical book "Traite de la Lumiere", while Isaac Newton pushed a corpuscular theory of light in his not less influential book "Opticks" (Opticks) (1704) (however, see Note 1). Although in the end both were correct (or wrong) as light has a dual personality (wave AND particle), Huygens was closest to ...

[periodic limb movement disorder wikipedia](#)

Periodic limb movement disorder (PLMD), or periodic limb movements in sleep (PLMS), previously known as nocturnal myoclonus, is a sleep disorder where the patient moves limb involuntarily during sleep, and has symptoms or problems related to the movement.. PLMD should not be confused with restless legs syndrome (RLS). RLS occurs while awake as well as when asleep, and when awake, there is a ...

[wave power wikipedia](#)

Wave power is the capture of energy of wind waves to do useful work—for example, electricity generation, water desalination, or pumping water. A machine that exploits wave power is a wave energy converter (WEC).. Wave power is distinct from tidal power, which captures the energy of the current caused by the gravitational pull of the Sun and

Moon. Waves and tides are also distinct from ocean ...
