

## **VERMEER 5400 QUESTION MACHINERY HAYTALK**

### [vermeer 5400 question machinery haytalk hay forage](#)

Vermeer 5400 question - posted in Machinery: I finally had a chance to try out the new/used 5400. Dont know how the original owner ever cut his twine unless he did it with his pocket knife. The cutters were not being pulled back far enough by the twine arms to put the cutter blades on the twine. The left side (facing) was close bu the right side (facing) wasnt even close.

### [disc mower 3 pt or tow behind machinery haytalk hay](#)

Disc Mower: 3 Pt or Tow Behind - posted in Machinery: Im looking at purchasing a disc mower to replace my NH 489 haybine. The tractor I will use is rated at 60 HP PTO, (JD 5400). Ive found a nice used Vermeer TM700 tow behind that will mow 9. Im also looking at some new 3 PT mount disc mowers at about 8 cutting width in the same price range (NH 6740 (8) or 6750 (9)).
